

Media Days

At the Greater Akron Chamber, we know that a goal of all our members is to increase the visibility of their business and their brand. To help with this, we are making it more accessible than ever to create digital content for your business. Starting at the Business Plus membership level, gain access to our video production studio and our podcast studio. Both rooms are fitted with top-of-the-line equipment that can produce great video and audio content for your business.

- **Every third Thursday of each month**, our podcast studio and our video production studio will be available to book by appointment **between 9am-5pm** to create digital content for your business.
- A minimum one-hour session is preferred.
- A GAC Marketing & Communications team member will be present at the time of your production session to operate all equipment and offer coaching and direction on your production.
- SD card is provided upon arrival.

Pricing Structure

Video Studio

	Package Price
