

THE BENEFITS OF MULTIPLE EMPLOYER PLANS (MEPs)

A RETIREMENT SOLUTION FOR ORGANIZATIONS OF ALL SIZES

GREATER AKRON CHAMBER 401(K) RETIREMENT PROGRAM

JOINING A MEP HAS ITS ADVANTAGES

A strong retirement benefit program can help businesses of all sizes gain a competitive edge to attract and retain talent —but it can also mean added costs and responsibility.

A multiple employer plan (MEP) may be an attractive option for organizations seeking to ease the administrative burden, fiduciary risk, and expense of offering a quality retirement plan.

WHAT IS A MEP?

A MEP is a retirement plan sponsored by one entity for unrelated organizations that share a common business interest.

HOW IT WORKS

- The MEP sponsor is the “lead” plan and can serve as the plan administrator and fiduciary
- “Adopting employers” elect to join the MEP
- At any time, adopting employers are easily integrated into the plan hosted by the sponsor and tracked on the Transamerica platform

Most importantly, the MEP sponsor is responsible for handling the administrative and fiduciary responsibilities related to your retirement plan, so you can focus on what matters most: running your business.

WHAT ARE THE BENEFITS OF MEPS

1

Administrative relief, as the MEP sponsor and a professional service team take over the majority of day-to-day tasks

2

Reduced liability, as fiduciary support and most responsibility is assumed by professional plan administrators

3

Ability for adopting employers to retain many of their **customized plan features**

4

Support with **investment selections and performance oversight**

5

Access to **participant communications and plan education support**

6

Time savings for organizations by offloading many plan-related tasks

7

Potential cost savings compared to operating a single employer plan

EFFICIENCIES FOR ADOPTING EMPLOYERS

Administrative relief and **reduced fiduciary responsibility** are two primary benefits for adopting employers.

COMPLIANCE TESTING

The plan's service providers handle all aspects of compliance testing, including preparing census data and providing documentation to the recordkeeper.

INCREASED NEGOTIATING POWER

By aggregating assets under a single plan, MEP adopters may achieve economies of scale typically enjoyed by much larger plans. This has the power to lower investment and administrative fees and improve service levels for participants.

FORM 5500

You no longer need to complete a Form 5500. A service provider on the plan files one form covering all adopting employers.

AUDIT

Your organization can offload the required audit, which will be handled at the plan sponsor level.

SIMPLE ADOPTION AND TRANSITION

As part of our commitment to provide excellent service, Transamerica's adoption and transition process helps adopting employers get started on the right foot.

Led by our experienced, dedicated team, all transitions begin with a thorough plan review, followed by a customized transition strategy designed specifically for your organization. We keep you in the loop with regular transition meetings and document the process from start to finish with a detailed project plan.

We support adopting employers with all the key participant communications needed including an announcement email and newsletter summarizing the details participants need to know, required legal notices, and more.

A TEAM IN YOUR CORNER WHEN NEEDED

Within some MEPs, professional service firms are hired to take on certain fiduciary and administrative roles on your behalf. These providers are legally obligated to carry out plan responsibilities with the highest degree of prudence, good faith, honesty, integrity, service, and undivided loyalty to the retirement plan participants. Support team members may include:

PLAN ADMINISTRATOR 3(16)

The plan administrator performs all functions necessary to keep your plan compliant and is responsible for the plan's day-to-day operations such as authorizing benefit payments, processing participant distributions, and signing and filing the Form 5500 for traditional closed MEPs.

THIRD PARTY ADMINISTRATOR (TPA)

As part of its critically important role, the TPA will help you with plan design to ensure your selected plan provisions meet the needs of your organization. It also provides ongoing compliance services such as completing mandatory testing and administration needs for your plan. And, of course, your TPA is always available to answer questions and to support you locally.

INVESTMENT ADVISOR 3(21)

Among other responsibilities, the non-discretionary investment advisor 3(21) can recommend investment options within the plan and offer education and advice to plan participants. Decision-making authority regarding investments remains with the MEP sponsor or other plan fiduciary.

INVESTMENT MANAGER 3(38)

The named 3(38) fiduciary is responsible for selecting and monitoring the funds in the investment lineup in accordance with the Investment Policy Statement for the plan.

While a multiple employer plan (MEP) arrangement offers adopting employers the ability to delegate fiduciary functions to the MEP provider, employers should be aware that they still retain fiduciary responsibility for selecting and monitoring the MEP provider. Adopting employers of a MEP must share a commonality—a connection among the adopting employers such as a trade, professional organization, or PEO—and the MEP is treated as a single plan. A violation of the qualification rules by an adopting employer would not affect the qualified status of the plan as a whole (known as the “one bad-apple” rule or the “unified plan” rule) provided the plan document addresses how to spin-off a non-compliant employer.

Before adopting any plan you should carefully consider all of the benefits, risks, and costs associated with a plan. Information regarding retirement plans is general and is not intended as legal or tax advice. Retirement plans are complex, and the federal and state laws or regulations on which they are based vary for each type of plan and are subject to change. In addition, some products, investment vehicles, and services may not be available or appropriate in all workplace retirement plans. Plan sponsors and plan administrators may wish to seek the advice of legal counsel or a tax professional to address their specific situations.

Important: The projections or other information generated by the engine (which produces *Your Retirement Outlook*®) regarding the likelihood of various investment outcomes are hypothetical, do not reflect actual investment results, and are not guarantees of future results. Results derived from the tool may vary with each use and over time.

All cost savings mentioned are estimates and may vary depending on TPA, advisor, or attorney fees.
