

## Media Days at the Greater Akron Chamber

### OVERVIEW

At the Greater Akron Chamber, we know that a goal of all our members is to increase the visibility of their business and their brand. To help with this, we are making it more accessible than ever to create digital content for your business. Starting at the Business Owner membership level\*, gain access to our video production studio and our podcast studio. Both rooms are fitted with top-of-the-line equipment that can produce great video and audio content for your business.

- A minimum one-hour session is preferred.
- A GAC Marketing & Communications team member will be present at the time of your production session to operate all equipment and offer coaching and direction on your production.
- SD card is provided upon arrival.

*\*Investor level members and above receive a total of 8 hours free across both studios before fees incur.*

### PODCAST STUDIO

The private studio space is equipped with four podcast mics with headsets and a PodTrak P8 Recorder, featuring six mic inputs that provide pristine audio for you and your guests. Other features of the recorder include:

- Color-coded inputs, outputs, and controls that make on-the-fly adjustments a breeze, keeping you focused on the discussion
- Ability to connect your phone to record remote guests
- Record to a SanDisk 64GB Ultra UHS-I SDXC Memory Card or similar media
